I have been working hard in recent years outside the Council to bring positive change.

I could achieve so much more with direct access as an elected Councillor.

Your vote will decide –

Holding the council to account

Decades of Labour control of Exeter City Council has led to poor undemocratic decisions made behind closed doors. The worst example is the huge overspend on the swimming pool in the city centre which has stretched the Council to breaking point.

Tory under-funding is a problem, but many of Exeter's problems are a result of Labour's blunders.

We need someone on the Council with the ability to hold them to account.

Improving our Streets

Stalled house rebuilds in Newman Road/Merrivale Road areas are leaving the area looking like a building site.

St Thomas is at the back of the queue to get this work done - we need the Council to get them finished and let the houses to families in need of homes as well as getting rent paid to help improve other Exeter Council properties.

Campaigning for a better St Thomas

Repairs to the Riverside Leisure Centre, the Pincus Gardens gatehouse and the Cowick Street benches were all taking forever to complete.

Liberal Democrats have been campaigning on these issues and embarrassing the Council to get this work done. We will keep pushing St Thomas needs to the top of the priority list.

Road & street repairs

Many roads and paths are in poor condition and we have been passing on reports of specific issues to the County Council to resolve.

It was great to see Wardrew Road improved, there is much more to do. We could do this more effectively if elected as we would then have direct access to Council officers to highlight and prioritise problems.
