Labour have let Exeter **DOWN**

Dither and delay on kerbside food and glass recycling

Wasted millions on housing scheme that failed to deliver

Wasted millions on their St Sidwell's Point leisure centre vanity project

Lib Dem's are the better way

Resisting risky big projects, schemes & debts ✓

Restore funding to the cleansing budget ✓

Commit to funding our recycling infrastructure ✓

Informing and involving residents in tough dilemmas ✓

Restoring an open collaborative style of governance ✓

Being seen in St Thomas and available to contact ✓

Voters in St Thomas deserve better

Voters in Exeter have given Labour control for 38 of the last 40 years. Labour have left us deep in debt with a costly leisure service to prop up and many services stripped away.

They have performed worse than many similar Councils who have also suffered from squeezed government funding.

It's time for change

Liberal Democrats have built their reputation in St Thomas by taking the time to inform, listen and be seen around the ward.

A vote for any others will only let Labour back in yet again.
